CELEBRATING THE 92ND BIRTHDAY OF NEWTON MINOW

HON. RAJA KRISHNAMOORTHY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 13, 2018

Mr. KRISHNAMOORTHY. Mr. Speaker, today I would like to acknowledge the 92nd birthday of a great American, an innovative public servant, and a person I am proud to call my friend and mentor, Newton Minow.

Born in Milwaukee, Wisconsin on January 17, 1926, Newt was the child of immigrant parents who stressed the virtues of hard work, integrity and public service. He went on to serve on the Indian subcontinent in the Second World War as a Sergeant in the United States Army, and then to Northwestern Law School and a clerkship for United States Supreme Court Justice Fred Vinson.

Newt's career spans a period of unparalleled transformation in the way our world shares information, and his influence on the evolution of media and broadcasting is difficult to overstate. Although he may be best known for his service as Chairman of the Federal Communications Commission and his oft-quoted "vast wasteland" speech, Newt had a hand in the development of the transistors that power modern computing, satellites that make global communication possible, and served as chairman of the board of governors of the Public Broadcasting Service and co-chair and vice-chair of the Commission on Presidential Debates. His intense focus on reserving broadcast spectrum to serve the public interest has shaped the development of media, public television and radio to the benefit of our democracy and our national dialogue.

Newt's service to his community extends well beyond government. In addition to his work as a successful attorney, Newt has served on the boards of business enterprises and in key leadership positions for important not-for-profit institutions including the Rand Corporation, the Carnegie Corporation, the Mayo Foundation, Northwestern University,

the University of Notre Dame and the Chicago Orchestral Association.

In 2016, Newt's extraordinary service to his country was recognized by President Obama with the award of the Presidential Medal of Freedom.

Newt would be the first to say that his greatest achievements have been his long, happy marriage to Josephine Baskin Minow, his wife of nearly 69 years, and his daughters Nell, Martha and Mary—all highly successful women who each through their own work have added so much to the national good.

Mr. Speaker, on behalf of all of Newt's countless friends and admirers, and on behalf of the United States Congress and a grateful nation, I want to say thank you to Newton N. Minow for all that he has done and continues to do for the people of the United States, and extend my best wishes for a happy, healthy and productive 93rd year. As his beloved Josephine often remarks, "the best is yet to be."

HONORING ERIN FOREMAN

HON. THOMAS MacARTHUR

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 13, 2018

Mr. MACARTHUR. Mr. Speaker, I would like to congratulate and honor a young student from my district who has achieved national recognition for exemplary volunteer service in her community. Erin Foreman of Forked River has just been named one of the top honorees in New Jersey by The 2018 Prudential Spirit of Community Awards program, an annual honor conferred on the most impressive student volunteers in each state and the District of Columbia.

Ms. Foreman is being recognized for her program that provides seniors and people with serious medical conditions with lock boxes to give first responders easy access to their house keys.

It's vital that we encourage and support the kind of selfless contribution this young citizen has made. People of all ages need to think

more about how we, as individual citizens, can work together at the local level to ensure the health and vitality of our towns and neighborhoods. Young volunteers like Ms. Foreman are inspiring examples to all of us, and are among our brightest hopes for a better tomorrow.

The program that brought this young role model to our attention—The Prudential Spirit of Community Awards—was created by Prudential Financial in partnership with the National Association of Secondary School Principals in 1995 to impress upon all youth volunteers that their contributions are critically important and highly valued, and to inspire other young people to follow their example. Over the past 23 years, the program has become the nation's largest youth recognition effort based solely on community service, and has honored more than 120,000 young volunteers at the local, state and national level.

Ms. Foreman should be extremely proud to have been singled out from the thousands of dedicated volunteers who participated in this, year's program. I heartily applaud Ms. Foreman for her initiative in seeking to make her community a better place to live, and for the positive impact she has had on the lives of others. She has demonstrated a level of commitment and accomplishment that is truly extraordinary in today's world, and deserves our sincere admiration and respect. Her actions show that young Americans can—and do—play important roles in our communities, and that America's community spirit continues to hold tremendous promise for the future.

IN RECOGNITION OF THE 150TH AN- NIVERSARY OF THE TRANS- CONTINENTAL RAILROAD IN CALIFORNIA

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, February 13, 2018

Ms. MATSUI. Mr. Speaker, I rise today to recognize the rich history of the Transcontinental Railroad as we celebrate the 150th anniversary of its completion. As the community gathers today, I ask my colleagues to join me in honoring this important landmark in the history of the greater Sacramento region, the State of California, and our country.

On May 10, 1869, the final spike in the transcontinental railroad was driven into the ground, connecting the East and West coasts of our country for the first time. This final spike was the culmination of six years of grueling work, and stands today as a testament to the ingenuity and tenacity of the American citizens and early Chinese immigrants who labored to accomplish this feat. We should not—and thanks to the efforts of the 150th Transcontinental Railroad Committee, we will not—ever forget the contributions of the laborers who made this remarkable engineering feat possible.

Today, we understand the Transcontinental Railroad to be the very definition of a marvel of design and technological progress. It is an important historical landmark that, in my hometown of Sacramento, forms an essential part of our history and of who we are as a people in 2018. We remember today the remarkable engineering, the industrial might, and above all the people who built the Transcontinental Railroad.

Mr. Speaker, as the Transcontinental Railroad celebrates its 150-year anniversary, I ask my colleagues to join me in honoring its rich history and significance in the Sacramento region.
